

Something like this would be great a link for supplier & empty field for purchase order number or bill number

The screenshot shows the 'Sales - New Item' window. A red arrow points from the text above to a blue-bordered box containing a yellow 'Supplier Card Link' button, a 'Select Supplier' dropdown menu, and an 'Empty Field' button. The window title is 'AR Sales - New Item'. The 'Sales Type' is set to 'Invoice'. The 'Customer' field is empty. The 'Invoice No.' is '00010030', the 'Date' is '13/10/2022', and the 'Customer PO No.' is empty. The 'Terms' are 'C.O.D.' and 'Tax Inclusive' is checked. The 'Online payments' section includes 'VISA', 'MAY', and 'iSPAY' logos, and an 'Enable surcharging' button. A table with columns 'Ship', 'Backorder', 'Item Number', 'Description', 'Price', 'Disc%', 'Total', 'Job', and 'Tax' is present. The 'Subtotal' is '\$0.00', 'Freight' is '\$0.00', and 'Tax' is '\$0.00', resulting in a 'Total Amount' of '\$0.00'. The 'Payment Method' is 'Cash' and 'Balance Due' is '\$0.00'. At the bottom, there are buttons for 'Save as Recurring', 'Use Recurring', 'Reimburse', and 'Spell', along with 'Record' and 'Cancel' buttons.

Something like this would be great & empty field for sales invoice number

The screenshot shows the 'Purchases - New Service' window. A red arrow points from the text above to a blue-bordered box containing a yellow 'Customer Card Link' button, a 'Select Customer' dropdown menu, and an 'Empty Field' button. The window title is 'AR Purchases - New Service'. The 'Purchases Type' is set to 'Bill'. The 'Supplier' field is empty.
