

1. When in the window of the actual invoice you can choose one of these options

2. This is what it looks like when I select 'Send to Email...' and email it to myself

Tax Invoice

Invoice #: 00009216

3. This is what you get when you select to 'Send to Disk...' and save a copy to my computer. The word Proforma Invoice is not showing up when emailed thankfully but is when I save it to send copies when debt collecting, as a client brought it to my attention.

PROFORMA INVOICE

Tax Invoice

Invoice #: *00009216*

4. Below is what can be seen whilst in the customising of the template. I cannot seem to get rid of the word 'Proforma Invoice', there is no field in the template for it to be deleted, have no idea where to find it.
